

ARCX 36'

The clean lines of the pure geometry sets this new dome apart. Our ARCX 36' aims for the popular 36' diameter dome market. This dome offers higher performance, much faster assembly and more features than any of the competitors. The kit comes with all the pre-cut SIP pieces (R-33), including dormer sidewalls and roof sections, as well as splines, glue, screws, foam and fasteners. We offer a rectangular entry opening or the pleasing gable entrance extension. With the 48" risers (R-40) we can provide 600+ sq. ft of second floor space with two legal egress window openings.

We have several stock floor plans that are available on request. Our designer can draw custom plans for your home on an individual basis. Blazeguard fire protection can be added to the dome triangles for ease of interior finish.

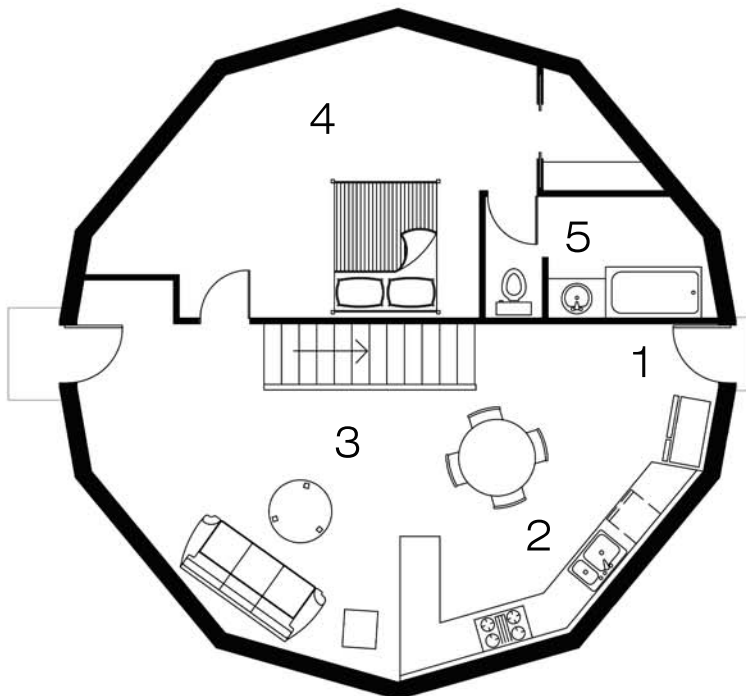

ARCX 36 Base Kit \$18,779

Add 10" SIP Risers \$4,758

Add 4' Gable Entry \$2,000

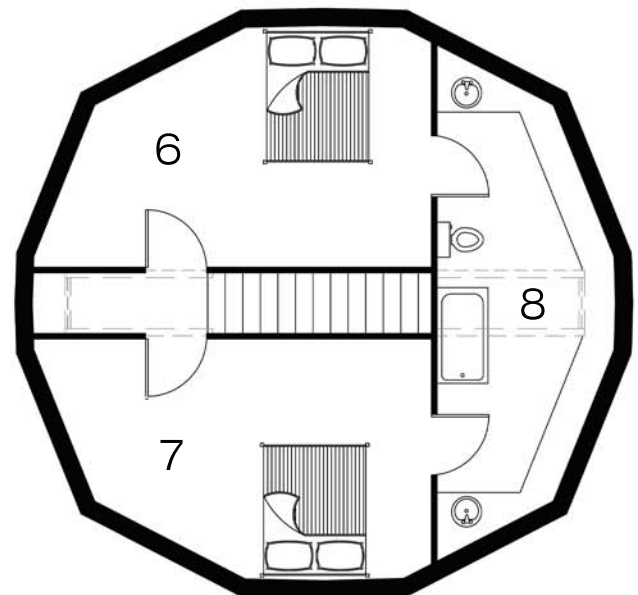

Add Blazeguard \$4,650
